

ASHLAND AREA MEDICAL EDUCATION

Ashland, WI

WELCOME

Memorial Medical Center (MMC), located in Ashland, WI, serves as a regional medical referral center for patients from seven northwestern Wisconsin counties and the neighboring Gogebic County of Michigan. MMC offers inpatient and outpatient services including: medical-surgical; critical care; obstetrics including labor, delivery, postpartum and recovery suites; behavioral health; and 24-hour emergency care. MMC opened as a private, not-for-profit hospital in 1972, combining the services previously provided by Trinity Hospital and Ashland Community Hospital, both located in Ashland. MMC is a Critical Access Hospital with over 50 full-time physicians on staff and over 400 employees. It is the only hospital located in Ashland, Bayfield and Iron Counties.

Memorial Medical Center

Right here in the place we love.

Rotation Experiences:

Memorial Medical Center is proud to offer a number of elective resident rotations in Family Medicine, General Surgery, Emergency Medicine, Behavioral Health Services, and at a local Community Health Center. This very busy rural critical access hospital houses an urgent care center along with an ER that uses a progressive care setting using evidence-based standard of care initiatives to lead the care provided to the community from wellness checks, trauma, stroke and cardiac care. Support diagnostic services and rehabilitation services are also included in the care of our patients. Being a rural site in a retirement and vacation area, residents will be faced with a broad spectrum of health issues in a socioeconomically diverse population served by an integrated care model. The MMC's preceptors are committed to providing high quality learning experiences through its medical education program.

COLONOSCOPY – Dr. Kevin McClelland and Dr. Charles Bertel

The resident will have the opportunity to

observe the entire process of the screening colonoscopy procedure in the setting of the hospital perioperative area. Under the tutelage of a gastroenterologist and a general surgeon, he/she will have the opportunity to participate in learning to perform the procedure in a graduated fashion as comfort and competence with the procedure is achieved.

GENERAL SURGERY – Dr. George Fall and Dr. Charles Bertel

This rotation offers the opportunity to experience first-hand the approach of general surgeons from two separate clinics in the area. Rotations in General Surgery include both inpatient and outpatient surgeries: orthopedic, urology, ophthalmology, and OB/GYN in addition to general surgery.

EMERGENCY MEDICINE – Dr. John White

This rural critical access hospital emergency room, and urgent care clinic has combined volumes of more than 13,000 visits per year. This ER is a progressive care setting using evidence-based standard of care initiatives to lead the care provided; from wellness checks, trauma, stroke and cardiac care. Memorial Medical Center will soon implement tele-health services to enhance the services of care we provide to the community.

BEHAVIORAL HEALTH SERVICES – Dr. Herbert White

This rotation offers the resident the opportunity to work in an integrated care model with hospital staff and other community providers within a full range of inpatient and outpatient mental health services and addiction treatment.

Rural Family Medicine:

CHEQUAMEGON CLINIC – Dr. Cynthia Hart, Dr. Thomas Cunningham, Dr. Sharon Hammond, Dr. Matthew Horning, Dr. Meghan Kutz, Dr. Monica Lee, Dr. Nate Schoepf and Dr. Aistis Tumas

This clinic offers residents the opportunity to provide a total health care package of family

medicine and specialty services, such as; OB including Cesarean birth, Inpatient health services, vasectomies, colposcopy, tubal ligations, minor surgical procedures and minor orthopedic fractures.

ESSENTIA HEALTH- ASHLAND CLINIC – Dr. Kathleen Gang, Dr. Jeffrey Lewis, Dr. Clair Morud, Dr. Kim Ogle, Dr. Erick Sherck, and Dr. Jill Schenk

Experience first-hand a full family medicine practice. This rotation offers learning experiences in the clinic, hospital, obstetrics unit, and emergency department. This experience includes an active obstetrics practice including C-sections. Also included are GI procedures, including colonoscopy and EGD, and dermatologic procedures, including Botox, Juvederm, and spider vein treatment.

NORTHLAKES COMMUNITY CLINIC – Dr. Deborah Dryer, Dr. Joe Koeller, Dr. Jacqueline Redmer, and Dr. Mary Ann Anderson

Within the Community Health Center residents will have the opportunity to work in a team-based clinic with Family Medicine specialist physician and nurse practitioner, pharmacist, behavioral health professionals, counselors, dentists and other health care services. Primarily outpatient with some inpatient experience.

Community Highlights:

The tri-county area of Ashland, Bayfield and Iron counties are known for a number of natural treasures. Lake Superior lies right at our doorstep, offering world-class freshwater sailing, fishing, scuba diving and swimming. We offer phenomenal fishing on both regional lakes and Lake Superior along with hundreds of miles of recreational trails for hiking, biking, off-road vehicles, horseback riding, snowmobiling, birding and hunting.

Couple this outdoor treasure with incredible seasonal views, shopping and unique dining experiences throughout the area. Ashland's eight-block Main Street business district, which is

listed on the National Register of Historic Places, is a backdrop for a fascinating stroll through the city's colorful history as depicted in more than a dozen large, vibrant murals created by local artists. Since 2005, Ashland has been known as the "Historic Mural Capital of Wisconsin," making the city a year-round public art destination.
